

A collection of hand tools, including chisels and gouges with wooden handles, some in a wooden block, on a wooden workbench. The tools are arranged on a wooden surface, with some in a wooden block. The background is a wooden workbench with a glass of purple liquid and a black object. A red semi-transparent overlay covers the left side of the image.

COCKPIT ARTS

About Cockpit Arts

Cockpit Arts support extraordinary craftspeople making work in the UK. We are an award winning social enterprise providing the UK's only creative-business incubator for designer-makers.

Educational Tours: bespoke, tailored, informative

- Each **bespoke** tour is created *for* and *with* the client; ensuring a focused and productive visit to our studios.
- Tours can be **tailored** to suit individuals or groups of up to 30 guests.
- Interaction with a selection of Cockpit Arts staff and designer-makers throughout the tour ensures an engaging and **informative** visit.

"Our guests found meeting with you inspiring and extremely thought provoking. Many have already begun to implement their learning to benefit the members of their school's community."
